

TITLE:

- Qubiz: Tunnelling the Barrier – Bringing Quantum Technologies to Market.

SUMMARY:

- Qubiz: Quantum Innovation Center is a National Center dedicated to leveraging the very strong and unique research position within Quantum Physics in Denmark with a view to Commercializing Quantum Technologies. It represents Innovation Fund Denmark's biggest single investment (potentially up to 22M€) with almost an additional 30 M€ from University and Industrial Partners over the planned 5-year period.
